

Ventilation

MSQ-200

The GEOVENT MSQ-200 direct mount fan is specially designed for our WING/COMPACT or GTS/GTE hose reels. The impeller and the high quality motor ensures high performance, low sound level and maximum durability. The fan housing in enameled sheet metal is designed for indoors applications only.

- The 0.75 kW model is perfectly suited as a stand-alone fan for one $\varnothing 160$ WING/COMPACT arm or one hose reel up to $\varnothing 150$.
- Minimize the need for expensive duct systems - only one outlet is needed
- Adaptors available for direct mount on WING/COMPACT or GTS/GTE

Pressure drop

MSQ-200 fan - Effective spot extraction

Ordering table

Art. No.	Description
31-209	Fan MSQ-200-3 0,75kW, 3x400V, 1.400 m³/h - 1,9A
31-208	Fan MSQ-200-1 0,75 kW, 1x230V, 1.400 m³/h - 4,9A
31-019	Outlet flange 200/ $\varnothing 160$ for MSQ-200
04-460A	Mounting bracket for hose reel GTE and GTS (factory mounted). For mounting fan MSQ directly on the side of a hose reel.
31-201	Adapter for mounting on wall console for $\varnothing 160$ arms
